EXECUTIVE SUMMARY

Executive leader with 20+ years of cross-functional experience in CEO-level operations, digital marketing management, legal consulting, and organizational transformation across the Saudi market. Track record defined by measurable results: reduced penalties on one of Saudi Arabia's largest telecom projects from SAR 3,000,000 to under SAR 10,000 (99.66% reduction); surpassed annual sales targets by 136% across a portfolio of 48+ international fashion brands; achieved a 2,400× ROI measured by qualified property inquiry leads in a digital performance campaign with a budget under \$610. Founder of the Quadcore Methodology and its fully integrated ERP system — unifying Legal Governance, Executive Management, Digital Marketing, and Technical Automation into a single data environment. Holder of 9+ active Google certifications (renewed May 2026). Bilingual: Arabic (native) · English (professional working). Currently seeking a CEO, CMO, or General Manager role within an established organization where cross-functional executive depth can drive the next phase of growth.

PROFESSIONAL EXPERIENCE

Founder & Chief Executive Officer (CEO)

2015 – Present

Independent Executive Consultancy — Quadcore Methodology Framework · Riyadh, KSA

- Conceived and developed the Quadcore Methodology — a fully integrated executive operating framework combining four pillars: Legal Governance, Executive Management, Digital Marketing, and Technical Automation — adopted by 7+ client organizations across the Saudi market.
- Designed and deployed an advanced, highly customized, full-cycle ERP system for the Quadcore Methodology encompassing: CRM, HR management, digital marketing analytics, legal case tracking, financial reporting, and operations dashboards — unifying all four pillars into a single data environment.
- Drove revenue growth of 190%+ for client organizations by leveraging the Quadcore ERP to eliminate data silos, automate repetitive workflows, and produce real-time executive dashboards tied to strategic KPIs.
- Led cross-functional teams of 75+ professionals across legal, marketing, operations, and technology verticals, managing a combined client portfolio valued at SAR 280M+.
- Built a consulting portfolio of 280+ client engagements across legal, marketing, and business development mandates by positioning the Quadcore framework as a turnkey executive transformation solution for startups and enterprises pursuing sustainable profitability.

Digital Marketing Manager & Performance Advertising Consultant

2013 – Present

Real Estate Development, Investment & Commercial Clients · Riyadh, KSA

- Generated a 2,400× ROI — measured by qualified property inquiry leads — on a real estate investment campaign through a full-funnel performance marketing strategy on Snapchat Ads, delivering 64,000+ qualified impressions on a sub-\$610 budget in 5 days, alongside additional campaigns on Google Ads and Meta Ads.
- Managed end-to-end digital marketing campaigns — including SEO, SEM, PPC, display, and social — for 99+ client accounts, consistently improving ROAS and reducing customer acquisition cost (CAC) by 47%.
- Designed and optimized CRM pipelines and customer journey maps that improved lead-to-sale conversion rates by 237% across multiple industry verticals.
- Built conversion-optimized landing pages, automated email sequences, and retargeting funnels that reduced average cost-per-lead by 34% while increasing qualified lead volume.
- Produced executive-level KPI dashboards and performance analytics reports enabling clients to make data-driven budget allocation decisions and scale winning campaigns.

KPI & Operations Control Manager

2018 – 2019

Prime Gate Communications & IT · STC Telecom Projects · Riyadh, KSA

- Slashed penalty exposure by 99.66% — from SAR 3,000,000 to under SAR 10,000 — by engineering real-time KPI dashboards that gave field supervisors live SLA visibility and automated escalation triggers, delivering enterprise-grade results through rapid automation within Microsoft Excel without dedicated IT infrastructure.
- Reduced recurring network maintenance faults by 70% in under 60 days by reverse-engineering failure patterns and rebuilding the ticketing and maintenance workflow as an instant custom automation system.
- Designed a digital-transformation-ready operational infrastructure for 32+ technicians across 4+ sites, eliminating manual reporting and reducing administrative overhead by 55 hours per week.

Sales & Operations Manager

2014 – 2015

Fawaz Abdulaziz Al-Hokair & Partners · Granada Mall & Al-Othaim Mall · Riyadh, KSA

- Surpassed annual revenue targets by 136% — reversing three consecutive years of underperformance — by restructuring the sales process, retraining 166+ staff, and realigning incentive structures across a portfolio of 48+ international fashion brand concessions.
- Restored portfolio profitability to record levels by executing a comprehensive customer experience overhaul that improved footfall conversion rates and average transaction value.
- Achieved 100% regulatory compliance across all brand concessions, eliminating prior violations and maintaining a clean compliance record for the duration of tenure.

HR & Administrative Affairs Director — Founding Member

2024 – 2025

Construction & Contracting Company · Riyadh, KSA

- Built a fully compliant HR management system — protecting all employee rights in alignment with Saudi Labor Law — from zero in under 90 days, including recruitment procedures, performance management frameworks, and compliant compensation structures.
- Drove a 38% increase in company market valuation and revenue by engineering an HR and talent acquisition framework that qualified the organization to compete for and win larger project contracts.
- Achieved 100% regulatory compliance for all employees by designing audit-ready HR governance policies and documentation workflows aligned to Saudi Labor Law requirements.

General Manager & Co-Founder

2022 – 2023

E-Commerce & Retail Company — Floral & Gifts Brand · Riyadh, KSA

- Launched and co-founded an e-commerce and app-based brand, bringing it to market in 3 months and achieving 85% of all founding targets within the first 90 days of live operations.
- Engineered the complete supply chain and last-mile logistics infrastructure from scratch, enabling same-day delivery capability and direct competitive positioning against established market players.

- Directed UI/UX development, go-to-market strategy, and performance marketing, improving the app conversion rate by 28% and building a customer base of 1,394+ within 3 months.

Strategic Business Development Consultant

2011 – Present

Startups & Private Investment Groups · Riyadh, KSA

- Shaped strategic planning frameworks and market-entry feasibility studies for 52+ startups and SMEs, enabling investment decisions backed by quantified, risk-adjusted financial projections.
- Unified marketing, sales, and customer service operations into a single revenue operations model, increasing pipeline velocity and reducing cross-functional friction for client organizations.
- Designed business models with embedded OKR and KPI governance structures, enabling executive teams to track progress against growth targets and course-correct strategy in real time.

Legal Consultant

2007 – Present

Law Firms & Corporate Clients · Kingdom of Saudi Arabia

- Maintained a 98%+ case success rate over 18+ years by building legal strategy around proactive risk identification, regulatory compliance, and favorable negotiated outcomes.
- Drafted and negotiated complex commercial contracts for clients across multiple sectors, reducing legal exposure and accelerating deal closure timelines.
- Advised organizations on Saudi Labor Law compliance, anti-money laundering regulations, commercial law, and corporate governance — minimizing operational and legal risk.
